

FEMA has issued an update to the disaster declaration for Texas designating an additional county eligible for **individual assistance only, Jim Wells** and applies to all loans. FEMA **has not** designated any counties eligible for public assistance at this time.

- All loans: An interior and exterior re-inspection, with photos, will be required for properties located in zip codes and counties that are eligible for individual assistance for appraisals issued prior to **June 19, 2018 and with an ending date of July 13, 2018**. Acceptable re-inspection documentation includes:
  - a CDAIR, **or**
  - an Appraisal Update and/or Completion Report (Fannie Mae Form 1004D/Freddie Mac 442).

*Note:* An appraisal completed in an area *after the disaster declaration* incident date **beginning June 19, 2018 and ending July 13, 2018**, does not require a re-certification. However, the appraiser *must* comment that the property is free from damage and that the disaster had no effect on the property. Any damage noted on the appraisal must be resolved before proceeding with closing the loan.

***We thank you for your continued business.***

If you have questions, please contact 855-GO-IMPAC (855-464-6722).
