
Saddleridge Fire

All evacuations related to the Saddleridge Fire have been lifted. Containment efforts continue with an estimated 8,800 acres burned in the fire with containment at 92%. The fire has destroyed 19 structures and damaged another 88, including Residential and Commercial buildings.

FEMA has announced Fire Management Assistance Declaration declared on October 11, 2019 (FM-5293). Although the declaration has been announced, Individual Assistance has not been issued.

Loans in Granada Hills, Porter Ranch and Sylmar may now fund but will require an Exterior DAIR prior to funding.
