Hurricane Laura – AR, LA, TX

Hurricane Laura is currently passing through Louisiana moving northbound toward Arkansas. Although FEMA has yet to make federally-declared disaster declarations, certain counties in Arkansas, Louisiana and Texas are at risk. As a preemptive measure due to uncertainty of Hurricane Laura, Impac is temporarily ceasing funding in the following counties:

- Arkansas: Calhoun, Clark, Cleburne, Cleveland, Conway, Dallas, Faulkner, Garland, Grant, Hot Spring, Independence, Jackson, Lonoke, Montgomery, Ouachita, Perry, Prairie, Pulaski, Saline, Van Buren, White, Yell
- Louisiana: Beauregard, Cameron, Calcasieu, Jefferson Davis, Vermilion
- Texas: Jefferson, Galveston, Orange

We will re-evaluate in the coming days and make further determinations from there.
