

NQM Bank Statement Program – Underwriting Guidelines

Guideline Overview

Loans meeting the parameters outlined in these guidelines are consistent with the Dodd Frank Wall Street Reform and Consumer Protection Act's requirement that a borrower have the Ability to Repay the mortgage loan. Documentation standards are designed so that loans are made to borrowers who have demonstrated the ability and have the wherewithal to repay the debt. This program requires review and verification of documentation to ensure that the loan meets Ability-to-Repay (ATR) standards. In regard to any underwriting criteria not specifically addressed in this document, Fannie Mae standards apply.

Program Qualifications

This program is designed for borrowers who are self-employed and would benefit from alternative loan qualification methods. Bank statements (personal and/or business) are used as an alternative to tax returns to document a self-employed borrower's income. In addition, a self-employed borrower may supplement bank statement income with additional income derived from an asset amortization formula.

NOTE: Loans that are eligible for sale to a government-sponsored enterprise (GSE) – the Federal National Mortgage Association (Fannie Mae) or the Federal Home Loan Mortgage Corporation (Freddie Mac) – are ineligible for any NQM Series programs.

No P&L is required. A business license is not required. At least two corporate reference letters are required. Current receipt of tip income must be verified within 30 days of closing. • <u>Ineligible Self-Employment Sources:</u> <ul style="list-style-type: none"> ○ Foreign businesses ○ Businesses that function as a non-profit enterprise

NQM Bank Statement Program – Underwriting Guidelines

Employment Income: Employed borrowers must have 2 years' continuous employment in the same line of work. All gaps in employment are subject to review and underwriter discretion. Gaps of employment greater than 90 days must be documented and explained. Documentation requirements below:

- Most recent paystub dated no earlier than 30 days prior to the Note Date with YTD earnings (must cover minimum 30 days) + W-2s that cover the most recent 2-year period.
- Written VOE with YTD earnings is required to substantiate overtime, bonus or commission income.

Verification of Employment and Self-Employment:

- **Employment:** A Verbal VOE (VVOE) must be obtained on, or within 3 business days, prior to the Funding Date.
- **Self-Employment:** An independent written confirmation of self-employment is required to verify the existence of the borrower's business on, or within 5 business days prior to, the Funding Date:
 - From a third party, such as a CPA, regulatory agency, or the applicable licensing bureau, if possible; OR.
 - By verifying a phone listing and address for the borrower's business using a telephone book, the Internet, or directory assistance.

The source of the information obtained and the name and title of the lender's employee who obtained the information must be documented.

Rental Income:

- **Purchase Transactions:** Obtain Appraisal Form 1007. Use 75% of the gross market rent in the rental income calculation.
- **Subject Property Refinances and Non-Subject Properties:** Rental income used for qualification must be documented with an executed lease agreement + the most recent 2 months' receipt of rental income ("most recent" month must be within 30 calendar days of the note date). The rental amount must be discounted by a 25% vacancy factor. An expired lease agreement that has verbiage stating the lease agreement becomes a month-to-month lease once the initial lease term expires is allowed with evidence of three months' receipt of rental income.
- **Converting a Primary Residence to an Investment Property:** If the borrower is converting a current principal residence to an investment property, a lease agreement and evidence of security deposit and/or first months' rent may be used to qualify rental income. The rental amount must be discounted by a 25% vacancy factor.
- **Converting a Primary Residence to a Second Home:** If the borrower is converting a current principal residence to a second home, both the current and proposed mortgage payments (PITIA) must be used to qualify the borrower for the new transaction.
- **Short-Term Rentals:** Short-term rentals are properties in which the rental term is less than 12 months, relatively variable in duration (e.g. short weekend, two weeks, several months, etc.), and may not be subject to a traditional lease agreement. Short-term rentals are permitted. Proof of receipt for the most recent 24 months is required. Use documented 24 months of payments to derive the monthly rental amount average. If no rent is received, use zero for that month. Most recent months must be consistent with receipt patterns over the last 24 months.

Retirement and Other Income:

- Retirement income and other fixed documentable income is allowed as qualifying income for both a self-employed borrower and for any non-self-employed or retired co-borrower.
- Other non-retirement income from the self-employed borrower (e.g., W-2 wage income) may be used. This other income must be fully documented (i.e., may not use the bank statement documentation).

W2/1099 Transcripts: W-2 only and/or 1099 transcripts from the IRS are required to validate income used to qualify for a wage earning or retirement income borrower and/or co-borrower.

Bank Statement Income Documentation and Calculation Requirements for Self-Employed Borrowers:

Depending on how a self-employed borrower operates their business, multiple bank statement options may be used as detailed below:

- All self-employed borrowers must provide a written business narrative inclusive of (but not limited to) a description of their business operations and number of full-time equivalents and/or contractors as well as any other pertinent information.
- Whether using personal or business bank statements, 24 months of bank statements are required. Otherwise, the borrower may provide 12 months of bank statements with the following restrictions:
 - Maximum \$1,500,000 loan amount
- **Personal Bank Accounts:** This option applies whenever a borrower maintains separate personal and business bank accounts – requirements below:
 - Obtain the most recent 12 or 24 months' consecutive personal bank statements and the most recent 3 months' business bank statements (to support the borrower does maintain separate accounts). The Personal Bank Account is used to qualify income.
